WHO IS KINGPHAR?

30 years' professional manufacturer for gauze/cotton & bandage related products

WHY KINGPHAR?

Management

- Sound corporate structure
- Manufacturing with GMP process

Quality

- CE 0123 marked
- ISO 13485 certified
- FDA approved producing facility and sterilizer

Customers

- Professional OEM manufacturer for over 25 years
- Market covers over 60 countries and regions
- Service available 24*7, solve your problem at any time

Reputation

- Highly estimated by most of our customers
- First 500 China National Business Credit Enterprises

Further advantage

- Located in Hubei, a province with 70 millions of people, means enough labor
- Hubei is China's most important origin of cotton

President Wang Zhongxiao

Welcome to KINGPHAR

KINGPHAR MEDICAL GROUP is a group enterprise engaged in weaving, bleaching, medical supplies production etc. The subsidiary include Hubei Qianjiang Kingphar Medical Material Co Ltd, Hubei Kingphar World Healthcare Co Ltd, Qianjiang Kingphar Medical Packaging & Printing Co Ltd, Hubei HeCom Medical Device Co Ltd and Wuhan Kingphar Medical Device Co Ltd. We have the right to import and export by ourselves. The company headquarter is located in Qianjiang City in Hubei Province, a Chinese Star-City in beautiful & rich Jiangnan Plain. Leads to Wuhan airport eastward, Yangtze River southward, Han River northward, and adjacent to Shanghai - Chongqing highway, it has a convenient traffic. Meanwhile Qianjiang is one of the main production base for cotton and rice, and a beautiful water town, it is also a resourceful city.

With more than 800 staffs, various loom, folding machine, sewing machine, sterile package equipment and bandages machine of 1,000 sets, ETO and Steam sterilizer and pure oxygen roll-type-bleaching lines. Our Surgical dressing/Medical supplies production capacity is more than 800 x 40' FCL.

Our main production focus on Medical Gauze Series, Non-woven Series, Absorbent Cotton Series, Bandage Series, which are widely used for Wound care, Dental Disposable, Surgical/OR, First Aid, Home care, and Cosmetic. The products include, but not limited to Absorbent Cotton Gauze Roll, Gauze Swabs (Sponges), Laparotomy (Abdominal) Sponges, Gauze Ball, Non-woven Swabs (Sponges), Elastic Bandage, Gauze Bandage, Cotton Filled (Dental) Sponges, Tracheostomy (Drain) Sponges, Absorbent Cotton Wool, Cotton Ball, Cotton Pad, Wound Dressing Pad, Tape & Plaster, and so on. All of these products are available in multiple specification; in sterile or non-sterile package... Meanwhile we can also supply the other products according to customer's specific requests and samples. We have exported our products to more than 80 countries and regions for years and enjoy a well-earned reputation for overall reliability.

Since our establishment, we have been persisting in the aim of "seeking lifeblood and development through quality" and have been focusing in scientific and strict inter-enterprise management & administration. The production environment is strictly according to GMP standards with cleaning room of Class 100,000, also we have the reasonable production overall arrangement and advanced production facilities.

In 1998, we got the certificate of ISO9002 & EN46002 from TUV Product Service GmbH, Germany, a well-known Notify Body in the world. In 2004, we received the certificate of ISO13488 & EC 93/42EEC. In 2005 we passed the audit of ISO13485, a professional requirement for medical devices. In 2009 we passed the audit of EN ISO 11135-1 for ETO sterilization. In 2017 we got the certificate of EN ISO 17665-1 for Steam sterilization. Meanwhile, we also passed the FDA factory audit. We can assure you the higher and more stable quality by our strict QA/QC systems.

With the professional inspection team and complete inspection facility, we can carry out all related testing items according to USP, BP, EP etc. Meanwhile we have own Bioburden/Sterility testing facility and measures, in which can make all the related testing and control.

Kingphar Medical's mission is to provide the satisfied quality, competitive price, swift delivery and excellent service to all our customers. No matter When, What or Where, we are dedicated to serving you, in all ways, always.

KINGPHAR

KINGPHAR

Road to Success

- In 1954, our factory was established as a crafts manufacturer.
- In 1983, our factory was named the second weaving mill in qianjiang, and became the special medical gauze manufacturer.
- In 1987, as a professional medical gauze and gauze weaving manufacturer.
- In 1989, grew into the first manufacturing facility foundation of bleaching, sterile packing and abdominal pads, which comply with GMP standards.
- In 1996, set up the production lines of bandages and machine folding gauze swabs, also become the first batch of free import and export enterprises in China.
- In 1998, passed the ISO9002, EN46002 certificate, FDA registered, added more production lines, such as dental cotton filled sponge, gauze balls, non-woven swabs, cutting swabs, post-op sponges and so on. Became the first batch of import-export enterprises of EU textile quota.
- In 2001, the factory was converted to private enterprise, named Kingphar Medical Materials Co. LTD, added more gauze folding machine.
- In 2002, we bought a garment factory, and improved the production of abdominal pads, gauze swabs, gauze bandage.
- In 2004, passed ISO13488 and CE certification; increased more folding machine and automatically sterile packaging equipment, can produce double-faced paper bags, paper film bags and blister packing of 1 pc, 2 pcs, 5 pcs and 10 pcs sterile products. Built a cleaning modern factory equipped with central air-conditioner which floor space is 100 acres and comply with GMP standard;
- In 2005, passed ISO13485:2003 certificate, brought in the most advanced bleaching production line, completed the conversion of bleaching process from horse shape to roll.
- In 2006, established representative office in Wuhan; passed United States FDA audit, organized and set up new factories of making medical absorbent cotton and cosmetic cotton.
- In 2009, set up ETO sterilization facility, and passed the audit of EN ISO 11135-1 for ETO sterilization.
- In 2013, with the further development needs, we bought an independent sales center near the train station of Hankou, Wuhan.
- In 2014, we brought in the large packing equipment, restructured and increased gauze weaving equipment, production efficiency and output has been significantly improved
- In 2015, enter into Chinese OTC/Pharmacy market;
- In 2016, established Kingphar Group
- In 2017, set up Steam sterilization facility, and got the certificate of EN ISO 17665-1 for Steam sterilization, can provide both ETO and Steam sterilization in house

**Absorbent Gauze Roll**

USP VII, BP 13, 17, 20 threads, white/green or blue gauze
With/without X-ray detectable thread
1-ply, 2-ply or 4-ply

Jumbo roll 36"/48" x 1000/2000 m
36"/48" x 5.5/11/55/100/110 yards

*Other dimensions, width, length and package can be produced as per requirements

**Y/I Cut Gauze Swabs**

100% pure cotton USP VII, BP 13, 17, 20 threads

Y-cut or I-cut
Sterile or non sterile
100/200 pcs/sleeve or in paper-paper/paper-film/blister pack

100% cotton swab:
10cm x 10cm-12/16 ply
Non-woven swab:
5cm/10cm-6 ply

*Other dimensions, plies and package can be produced as per requirements

**Gauze Swabs**

100% pure cotton USP VII, BP 13, 17, 20 threads, white, green or blue gauze
With/without folded edge
With/without X-ray detectable thread
Available in STEAM, EO OR GAMMA sterile

5 x 5cm-8/12/16 ply
7.5cm x 7.5cm-8/12/16 ply
10cm x 10cm-8/12/16 ply
10cm x 20cm-8/12/16 ply

100/200 pcs/paper sleeve or box
1/2/3/4/5/10 pcs/pouch or blister

*Other dimensions, plies, and package can be produced as per requirements

**Gauze Cutting**

100% pure cotton USP VII, BP 13, 17, 20 threads, white, green or blue gauze
With/without X-ray detectable thread
Sterile/Non sterile
Packed in polybag/paper-paper/paper-film or blister pack

10cm x 10cm 10cm x 20cm 20cm x 20cm
25cm x 25cm 30cm x 30cm 30cm x 40cm

*Other dimensions can be produced as per requirements

**Laparotomy Sponge**

BP 13, 17, 20 threads, white/green or blue gauze or non-woven
With/without X-ray detectable thread or chip
With/without metal or plastic ring, blue or white cotton loop
Pre-washed or unwashed
100pcs/polybag
5pcs/blister with/without white or blue medical wrapping paper

20cm x 30cm-4/6 ply	30cm x 30cm-4/6 ply

4" x 18"-4ply	8" x 36"-4ply

*Other dimensions, plies and package can be produced as per requirements

**Gauze Ball**

100% pure cotton BP 17, 20 threads
With/without X-ray detectable thread
In round, flat or hat shape
Sterile or non sterile

Unfolded size:
10cm x 10cm 15cm x 16cm 20cm x 20cm
25cm x 26cm 30cm x 30cm 30cm x 40cm
40cm x 50cm

*Other dimensions and package can be produced as per requirements

Gauze Sheet

100% pure cotton USP VII, BP 13,17,20 threads , white, green or blue gauze
Sterile/Non sterile
Packed in polybag/paper/paper-film bag or blister pack

90cm x 18m 90cm x 27m 90cm x 36m
90cm x 1m 90cm x 3m 90cm x 5m
90cm x 10m
1 square meter 1/2 square meter
1/4 square meter

*Other dimension or package can be produced as per requirements

Post-op Sponge

Covered with gauze/non woven
Very high absorbency while with no lint
Tissue in the middle, cotton inside or tissue inside only
Machine/Manual folding
Sterile/Non sterile
Paper/paper-film pouch /blister pack

3" x 3" 3" x 4" 4" x 4"

*Other dimension and package can be produced as per requirements

Vaseline Gauze

Consists of gauze, paraffin/vaseline, oil emulsion
21S/24X24
200±20g/m²
Available in different size
1pc/individual aluminum foil bag packing; 5pcs to 100pcs/mid box

5x5cm, 10x10cm, 10x20cm, 10x40cm,
10x70cm, 15x100cm, 15x200cm

*Other specification can be produced as per requirements

*Other dimensions,plies and package can be produced as per requirements

Drain Sponge

100% pure cotton USP VII,BP 13,17,20 threads
or 30/35/40/45/50 gsm non-woven
Y-cut or I-cut
Sterile or non sterile
100/200 pcs/sleeve or in paper-paper/paper-film/blister pack

100% cotton swab:
10cm x 10cm-12/16 ply
Non-woven swab:
5cm/10cm-6 ply

*Other dimensions ,plies and package can be produced as per requirements

Abdominal Pad(ABD)

Non woven cover outside, tissue and cellulose in side
All edges are sealed to prevent linting
Sterile/Non-sterile

5" x 9" 7.5" x 8" 8" x 10"

*Other dimensions or package can be produced as per requirements

Non-woven Ball

100% pure cotton , 30/35/40/45/50 gsm non-woven
With/without X-ray detectable thread
In round,flat or hat shape
Sterile or non sterile

Unfolded size:
10cm x 10cm 15cm x 16cm 20cm x 20cm
25cm x 26cm 30cm x 30cm 30cm x 40cm
40cm x 50cm

*Other dimensions and package can be produced as per requirements

Underpads

Top layer: non-woven fabric and button is PE film
Middle layer: consists of imported fluff pulp and SAP
Rapid absorbency can absorb the pets' urine,
keep house and garden clean and dry,and prevent from bad smell

60x40cm, 60x45cm,60x60cm,
75x45cm,75x60cm,90x60cm 80x150cmetc

6040, 6045,6060, 7545,7560 ,9060cm
According to customers requirements,L:45to180cm,W:30to80cm

10pcs/bag, plastic internal packing;10 bags/carton

Non-Adherent Pad

100% cotton and cellulose inside
Non-adherent to wound
Joined by heat, no adhesives used
Finely perforated polyester fabric

5cm x 5cm 10cm x 20cm 10cm x 20cm
20cm x 30cm

*Other specification and package can be produced as per requirements

Wipes

Can be used both wet or dry for most cleaning applications from washing up to wiping down surfaces and mopping up spillages.

Model: multi-purpose cleaning cloths
Weight Range: 40GSM~110GSM
Size: 30cm*40cm, 35cm*35cm, 30cm*60m 36cm*50cm etc.

*Other dimensions,plies and package can be produced as per requirements

Adult Diapers

Material:
1.Non-woven fabric surface
2.Tissue paper+SAP+Fluff pulp+blue ADL
3.PP/Magic frontal tape and side tapes
4.Leg cuff and leak guard
5.Elastic waistband*1side
6.PE/Cloth-like backsheets with wetness indicator

Foam Dressing

Made of medical polyurethane foam with CMC , including non-woven foam dressing, foam dressing with polyurethane film, self-adherent foam dressing and silver ion foam dressing

Product thickness:2-6 mm,GSM:735g/m2/5mm(thickness)
The moisture permeability of polyurethane film which laminated on the foam dressing: 1.84g/10cm2/24h/37°C
Absorbet capability 6.94g/10cm2/24h/37°C
Total absorbent capacitance 8.78g/10cm2/24h/37°C

Hygroscopic ratio≥8

Cohesive Elastic Bandage

Easy Tear Nonwoven Fabric
Available in different color
Available in different size

1" x 5yds
2" x 5yds
3" x 5yds
4" x 5yds
6" x 5yds

*Other specifications or package can be produced as per requirements

Adhesive Tape(PE/Nonwoven/Silk)

Composed of PE film/nonwoven/silk and medical pressure sensitive adhesive
For the fixation of all kinds of dressings, syringe needles, catheters, etc

Transparent color
1.25cm/2.5cm / 5cm / 7.5cm / 10cm x5y
1.25cm/2.5cm / 5cm / 7.5cm/10cmx10y

Simple packing, plastic packing, metal packing

*Other specifications or package can be produced as per requirements

Zinc Oxide Plaster

Premium fabric
Zinc oxide adhesive, low irritation risk
Easy hand tear, quicker use
Soft and breathable
Easy unwinds to core

Perforated Zinc Oxide Adhesive Tape

Perforated zinc oxide plaster, using special processing to increase the viscosity and permeability of products

Intend usage: Protect fingers, hands, arms, knees, for the fixation of all kinds of dressings, syringe needles, catheters, etc

Base material: Cotton
Available color: White and skin

5cm / 10cm / 12cm / 18cm x5m

*Other specifications or package can be produced as per requirements

Non-woven Fixing Tape

Composed of silk and medical pressure sensitive adhesive
Spunlaced non-woven tape is mainly has three different material: common non-woven, water-repellency and waterproof

5cmx10m, 7.5cmx10m, 10cmx10m, 10cmx10m, 20cmx10m, 30cmx10m

1 Roll/Box, 150,125,80,50,25 boxes/carton

*Other specifications or package can be produced as per requirements

Dental Cotton Roll

100% pure cotton
Sterile/Non sterile
10 times' absorbency,sink time less than 10s
No lint,remain tight even get wet
Beautiful Printing

Size #1 0.8cm x 3.8cm (0.315" x 1-1/2")
Size #2 1.0cm x 3.8cm (0.375" x 1-1/2")

Disposable Facial Towel

180 days of super long sunshine, witnessing the growth of a small cotton, the cotton after growing is more pure, natural, soft and beautiful, and comes to us with the best wishes of nature. Turning into each piece of Yumyony high-quality cotton products, let us feel the warmth and care of nature. Enjoy a quality life instead of traditional towels. The cotton fiber is combed into the texture of the pearl, which has strong water-locking power, good cleaning power, and a horizontal cutting point. It is easy to use, can be used directly after tearing.

Product specification:

Diameeter:13cm

Size per piece:18*22cm 180g/bag

*Other specification can be produced as per requirements

Facial Towel Bag Pumping Type

Pearl texture face towel which is adpoted cotton spunlace non-woven fabric, it is mild and non-irritating; it can be used with wet and dry, and is soft and not easy to defolcate, which provide the skin a gentler care. Use a dry weave to rub delicate skin and avoid the paper towel from rubbing rough. Wet and rub the warm water to reduce the cold touch during the cold season and can replace the wipes.

Product specification:

Size per piece:20*20cm 60pcs/bag

*Other specification can be produced as per requirements

Cosmetic Cotton

100% pure cotton, great softness and high absorbency, no lint, no irritation 0.4g/0.55g/0.6g
In square type or round type
50/80/100/160 pcs Packed in polybag or box
Excellent for cleaning make-up, removing lipstick, removing nail polish, applying moisturizers, patting with cleansing lotion and so on

*Other dimension ,weight or package can be produced as per requirements

Disposable Facial Towel

Pearl texture design, effectively removes skin keratin and grease, and achieve deep cleaning effect. Delicate and comfortable massage care, deep into the fine texture of the skin that ordinary beauty towels can not reach, help regulate the skin microcirculation, quickly absorb heavy grease, dirt, to achieve skin-beauty effect.

Product specification:

Size per piece:20*20cm 10pcs/bag

*Other specification can be produced as per requirements

Multi-purpose Super Soft Makeup Cotton

Pure cotton, sensitive skin can be used with confidence, layered design is quite convenient, and can be divided into 8~12pcs when pouring the lotion. Layered cotton pad is best for water film, do not be as complex as applying a mask, water film can be applied anytime, anywhere, the advantage of water film with super soft cotton pad is to take care for dry skin, it can be applied in any place

Product specification:

Size per piece:6.5*8cm 120pcs/bag

*Other specification can be produced as per requirements
